Showcard frames for laminated posters

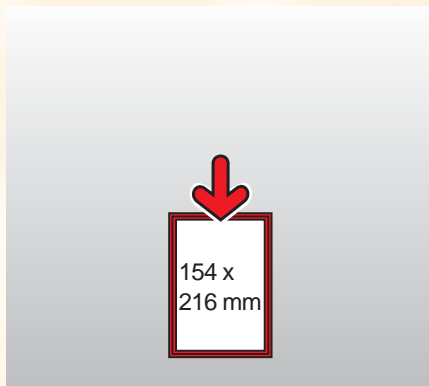

Designed for laminated posters, that will not suit standard sized frames. With these special adapted frames you do not have to worry about cutting to size! Especially recommended for use in humid areas or outdoors.

Frame design is similar to series DEKOLINE.
Poster insert short side.

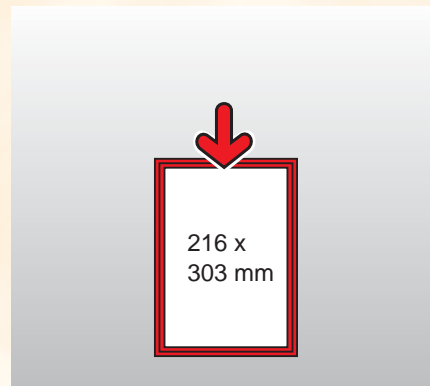

Almost all accessories series 100 can be used for fixing.

Series 100
Colours: OEK standard colours and silver.

Showcard frames standard

OEK showcard frames in traditional quality have been produced for almost 30 years of high-grade unbreakable plastics. These stable frames allow for a quick and easy change of posters. Using the vast accessory range, OEK frames can be used in countless applications. You will find suitable accessories in chapter "accessories showcard frames (series 100) and (series 200)".

Note: For showcard frames size A6 to A3 use accessories series 100.

For showcard frames size A2 to A1 use accessories series 200.
