

oechsle display systems
reliable and innovative

TOPSELLER

TOPSELLER 2008

Dear business friends,

„50 years innovative and reliable“ – out of this promise we have developed an extensive variety of well assorted and worldwide proven products for all kind of needs around the POS. On the following pages we want to show you a fine selection of our most favorite products – just to give you some quick insights and impressions of our complete programme.

The complete product range is shown in our main catalogue „**Display Collection**“ with a variety of solutions for the detailed product- and price marking, shelf and counter marking, general sales promotion, campaign advertising and much more.

Concerning shelf care and shelf organisation management you will get detailed information in our special brochure „**Shelf divider and pusher system PRIMA**“ with many different solutions for an optimised product presentation on your shelves.

Specialty of the Oechsle company are **customised solutions**. In very close and intensive cooperation with one of the leading warehouse chains we have recently developed and implemented a new, specific customised showcard frame series in less than 8 weeks. The requested product features concerning function, material and design have been optimised and improved.

Today, this customer benefits from his very own and unique model with even more functionality, easier handling and less expensive material along with the desired design and attributes.

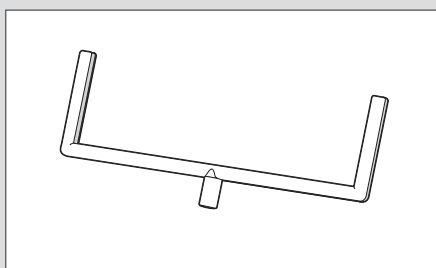

With Oechsle on your side you are in best hands – we take care of all your needs! We would be very glad to receive your individual and specific product requirements and any suggestions for an improved business performance and service. With the best wishes for a successful and pleasant cooperation,

Yours,
Margit Oechsle (Managing Director)

As a team we are unbeatable!

In the fields of screen and digital printing, acrylic displays and all aspects of the visual shop decoration our partner **werba print & display** is well-known as leading specialist.

As a problem solving agency with creativity, long-term experience and full-service they offer:

STRONG PARTNER werba

• Printings

Silk screen and digital printings on a variety of different materials, for indoor and outdoor use with highest resolution and colour quality: big-size posters, window foils, ceiling headers and banners, floor marking foils, vehicle marking, foils for illuminated displays, and much more

• Acrylics

No matter if simply bent products or sophisticated displays: lasering, milling, chamfering, super-sonic welding, laminating, ... are well-used methods of production

• Price marking and signs

Customised price cassettes for beverages, product displays and complete product marking systems with accessories developed according to most individual requirements

• Shop decoration

Creative design and implementation of complete promotion campaigns for all aspects of the visual sales promotion

Your individuality is our speciality!

werba is more than just a printing house.

Let us convince you!

We are very much looking forward to getting challenged.
