## Alu-snap type frames & supports

That's for sure: with OEK snap frames your promotion keeps going!

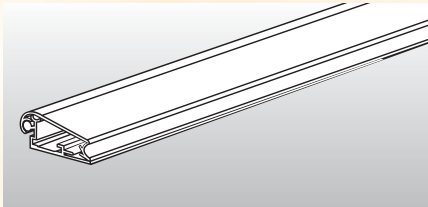

The main features:

- Poster change within seconds: snap open, change poster, snap closed, ready. Poster thickness up to 1 mm.
- Profiles are made of high-quality, alu-anodised material. Completely mounted with a grey plastic rear and a non-reflective PVC cover you are getting a first class product with long life guarantee.
- You can chose between 3 different profile sizes and you are the one to determine the style:

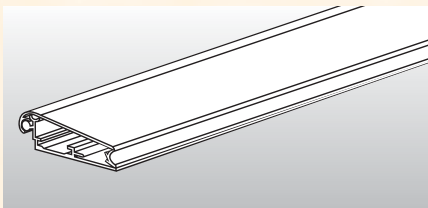

### Profile 25:

Available with mitred corners in sizes that range from A4 to A1 and 50 x 70 cm.

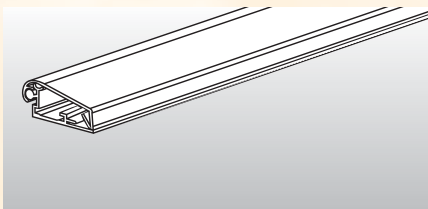

### Profile 32:

Available with round chromium corners in sizes that range from A4 to A0, 50 x 70 cm and 70 x 100 cm. Version with mitred corners are available in sizes A1 and 70 x 100 cm.

### Profile 44:

Available with mitred corners in size A0.

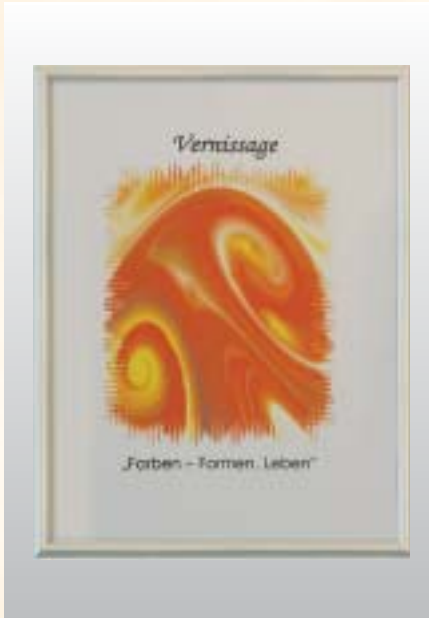

### Security profile:

To prevent your valuable posters from theft, the security profile was developed. Opening of profiles will be possible with a special key only. Available with mitred corners and profile sizes 32 and 44.

- Special sizes will be possible in almost all dimensions and as from a quantity of 10 pcs. If you are looking for special coloured profiles we gladly will assist you.
- Also in bad weather our products won't leave you unprotected. The "weather-resistant" design of our snap frames is especially suitable for outdoor use by an utmost resistancy against influences of the weather.
